“Recent Trend in Ocean and Atmospheric Science”

About Fakir Mohan University, Balasore

Fakir Mohan University is situated at Balasore, which comes under coastal region of Odisha. This university is named after the legendary Odia writer Fakir Mohan Senapati. Established in 1999, it is renowned for its contributions to education and research in various fields. It offers a range of undergraduate, postgraduate, and doctoral programs, fostering a rich academic environment.

About P. G. Department of Atmospheric Science

It is a newly opened department of Fakir Mohan University, Balasore and also is the only department in Odisha to provide master degree in Atmospheric Science. Atmospheric science is a multidisciplinary field that studies the Earth's atmosphere, its processes, and interactions with other systems. Key areas of focus include weather forecasting, climate change, air quality, and the dynamics of atmospheric phenomena. Research in this field is crucial for understanding and mitigating the impacts of environmental changes.

Conference Objective

This conference aims to bring together experts, researchers, and students to discuss recent advancements and trends in ocean and atmospheric science. It will provide a platform for knowledge exchange, collaboration, and innovation in addressing global challenges.

Key Topics

- *Climate Change and its Impacts*
- *Advances in Weather Prediction Technologies (AI & ML)*
- *Ocean-Atmosphere Interactions*
- *Pollution, Air quality heat Index, Healthy living*
- *Application of Remote sensing and GIS*
- *Physical Oceanography and Observation System*
