A National Conference on Intellectual Property Rights has been organised by the Department of Information and Communication Technology & Research and Development Cell of Fakir Mohan University, Vyasa Vihar, Balasore. On Date: 29-11-2021 during 3.30 PM-6.30PM at Conference Hall (Old Campus) in both Virtual and Physical Mode.

Seventy-eight numbers of participants registered for the conference from different universities and colleges.

In the inaugural function the session was started by offering flower to Vyasakavi Fakir Mohan Senapati by the Guests and delegates.

Prof. Sabyasachi Pattnaik, Director Research and Development Cell and convener of the Conference, delivered the welcome address and introduced the guests to the audience.

Prof. Satchidananda Dehury, Professor and Head of department of Information and Communication Technology welcome all the new entrants of the Department and elaborated the theme and objective of the conference that everyone has the right to protect the intellectual property like other property.

Chairman PG Counsel Prof. Munesh Chandra Adhikari elaborated the Conference was held at the right time as the University is not so old and many scholars are on the process exhibiting the research and publications in different platforms without the right knowledge of copy right and patents and elaborated that two faculties of the university have filed two patents.

Vice chancellor Prof. Santosh Kumar Tripathy expressed his pleasure and extended his best wishes for the success of the Conference. Discussed about the patents and elaborated the rights of the innovators should be protected.

Dr. Manaswini Pradhan co convener of the Conference delivered the vote of thanks.

In the technical session Keynote speaker Professor V. P. Gladis Pushparathi explained the types of property and elaborated the intellectual property. She explained what are the intellectual property how to protect the intellectual property and how to obtain the intellectual property. She describes types of property and the properties which are coming under copyright, patent and trademarks and also explained why the intellectual property right is essential and accepted all over the world. She explained the process of online IPR filing system and different laws associated with it.

Research Scholar Mr. Jashobanta Laha presented his paper protecting software under intellectual property rights. He explained what is copyright and how it is related to intellectual property right and what are protected under copy right.

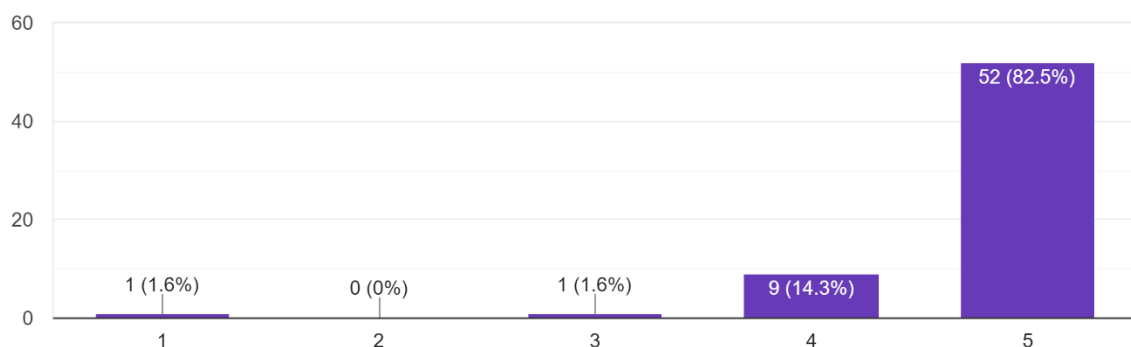

Invited speaker Prof. Ramesh Chandra Panda explained how he have obtained his 42 patents and explained few of his innovations like mitticool refrigeration unit and bio fertiliser. He explained the practical aspects of applying for patent and advised the participant to prepare the objective and claims meticulously before applying for the patents.

The feed back has been taken from all the participants in the virtual mode using google forms and 78 responses have been received as specified bellow. The event was organised successfully and covered by many leading print and electronic media.

Feedback

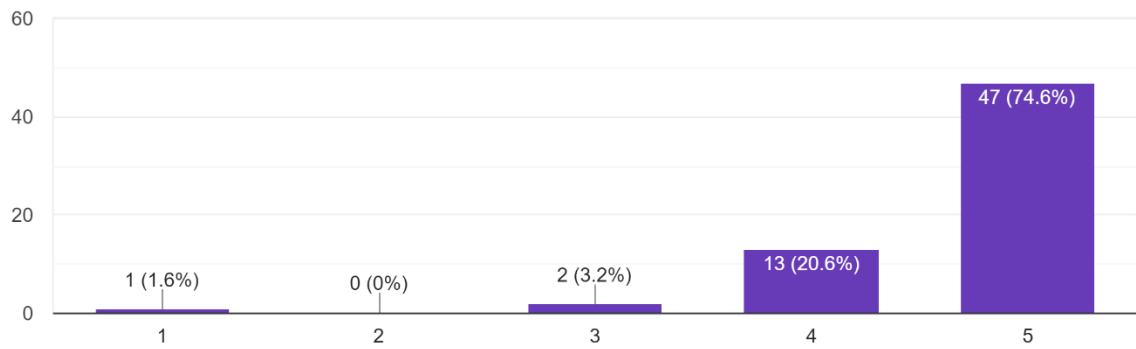

How will you rate the the effectiveness of the organisers to conduct this event?

63 responses

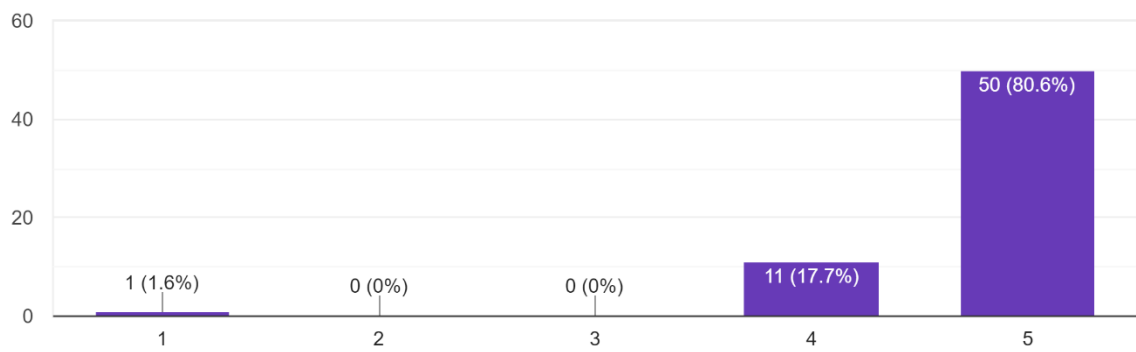

How will you rate the effectiveness of the topics covered?

63 responses

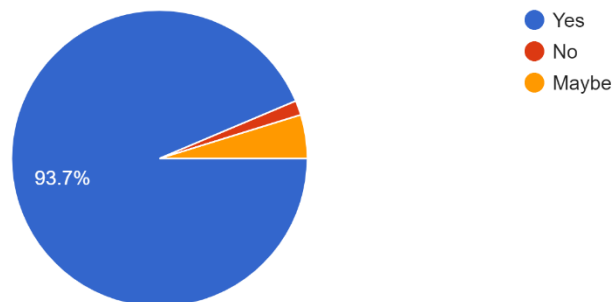

How likely are you to attend one of our events in the future?

62 responses

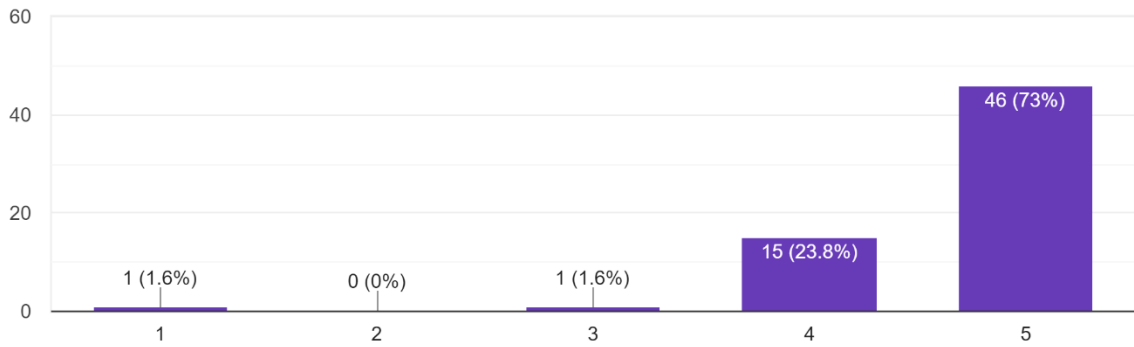

Did the conference meet its objectives?

63 responses

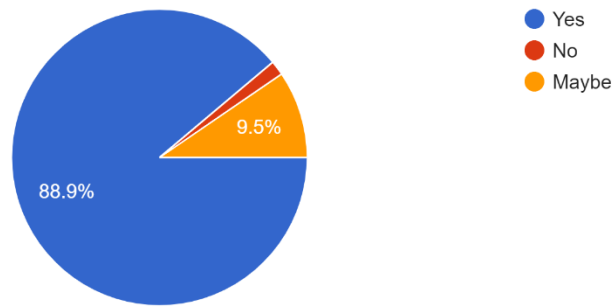

How well was the conference structured?

63 responses

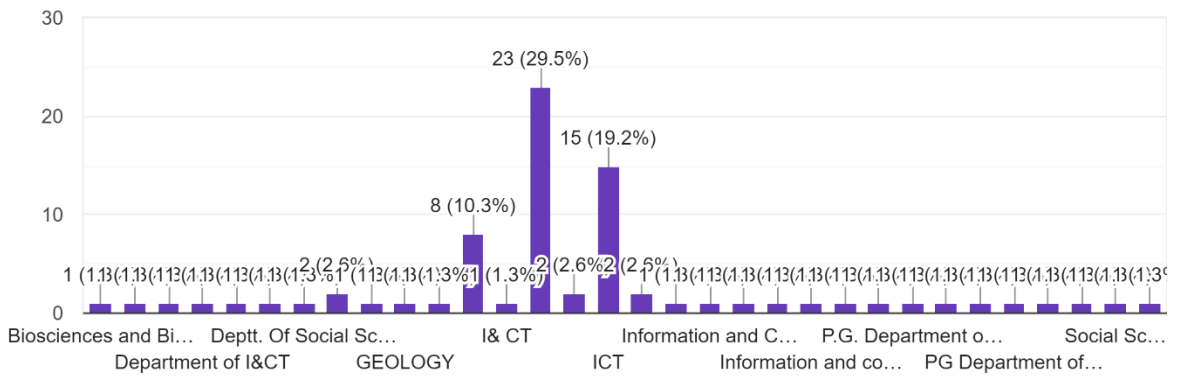

Was there enough time for discussion?
