

**MASTER IN PERSONNEL MANAGEMENT AND INDUSTRIAL RELATIONS
FAKIR MOHAN UNIVERSITY**

REGULATION & COURSE OF STUDY

MASTER IN PERSONNEL MANAGEMENT & INDUSTRIAL RELATIONS

(Effective from the academic session 2022-23)

MASTER IN PERSONNEL MANAGEMENT AND INDUSTRIAL RELATIONS

FAKIR MOHAN UNIVERSITY

About the Programme

Master of Personnel Management and Industrial Relations of Fakir Mohan University(MPMIR) is one of the leading programme in the field of Management introduced in the year 2022 with an intention to develop competent HR managers to meet the growing demands of different domains of Human Resources(HR) & Industrial Relations(IR). It is one of the pioneer programme that focuses on developing skilled personnel with the help of in-house core and competent faculty members in the field of management and allied disciplines of the University along with industry and other experts from labour administration. Through this programme the needs of local, regional, national and international HR & IR personnel can be met on continuous basis.

Programme Objectives

1. To develop HR competency of the students by emphasising on changing business and organisational dynamics
2. To develop skills of the students for managing the wide spectrum of HR functions in different industry.
3. To develop decision making capability of the students in handling HR & IR issues
4. To inculcate strong human values and develop ethical mindset

Programme Outcomes

The programme specific outcomes is to develop HR & IR professionals by achieving following outcomes.

1. Develop understanding on business environment in general and HR & IR environment in specific.
2. Demonstrate ability to apply domain knowledge in HR & IR to solve real life problems
5. Develop critical thinking, problem solving and conflict resolution skills in resolving HR &IR issues
6. Develop strong sense of ethics, values and ethical decision making skills.

Regulation

The duration of MPMIR program shall be two academic years spread over four semesters. Each academic year shall have two semesters. Each semester is of six months duration with minimum 90 teaching days in a semester. The 1st Semester shall commence ordinarily within one week after the last date of admission fixed by the University. The 3rd Semester shall commence ordinarily from the middle of July. The 2nd and 4th Semesters shall commence ordinarily from 1st week of January.

During 3rd semester, in addition to compulsory papers, each student is required to opt for specialization from among the specialization groups listed. Apart from this, the students will also undergo field work at end of 2nd semester for a period of 6 to 8 weeks and prepare project which will be evaluated at the end of 2nd semester. During 4th semester the student will carry out a dissertation project(**spread over one semester with 2to 3 months field work**) and at the end of 4th semester the project work will be evaluated as specified below.

Ordinarily the odd Semester (1st & 3rd) examinations shall commence from 1st week of December and the even Semester (2nd & 4th) examinations shall commence from

last week of April. However, there shall be a minimum of 90 teaching days for each semester before the commencement of examination.

In a semester, each theory paper carries 100 full marks and 04 credit and total credit for completing the programme is 128. There shall be continuous internal assessment of 40 marks(explained in table 1a) and rest 60 marks(explained in table 2a) for End-Term(University examination).. A candidate failing to appear the internal test shall be allowed to reappear it only under following conditions:

1. If the candidate is sick during the period of examination and produce medical certificate.
2. In case the candidate is representing University in Sports/Cultural/Allied activity subject to documentary evidence.
3. In case of demise of candidate's Father/Mother/Close Relative
4. The decision has to be taken by teacher council based on evidence

Further, improvement for continuous test shall not be allowed.

The continuous assessment shall be conducted during the class hours by the respective course teachers.. However, other classes shall not be suspended on that day. The marks secured in the continuous assessment in each theory paper shall be submitted in duplicate to the Head of the Department 15 days before the commencement of the concerned semester examination who shall immediately submit to the Controller of Examinations. The dates of continuous assessment shall be decided by the Teachers' Council/Subject teacher. The records of the continuous assessment shall be kept for a period of one year .by the concerned teacher/office if needed for verification.

Assessment

The assessment constitute two parts consisting of 100 marks. The first part is continuous assessment throughout the course consisting four evaluation and total marks allotted is 40 as prescribed in table 1. The second part is end-term assessment consisting of 60 marks with pattern of questions as prescribed in table 2. Each student has to secure 45 per cent in individual paper in order to pass in the said paper and 50 per cent in aggregate which include combined marks in internal and end-term assessment.

Table 1:

Sl. No	Continuous Internal Assessment (Components)	Mark Allotted
1	One Quiz/MCQ to be administered at the end of Unit I	10*
2	Mid-term Assessment based on Unit I & Unit II	20
3	2 nd Quiz/MCQ to be administered at the end of Unit III(Coverage from Unit III only)	10*
4	Assignment at the end of Unit IV and V(Based on Unit IV & Unit V)	10
	Total	40

**Mark allotted for quiz component is 10.Best one out of two quiz is to be taken.*

Table 2a:

Sl. No	End-term Assessment	Mark Allotted	Total Mark
1	2 marks compulsory questions based on five units (two questions from each unit and each question within 50 words)	2x10	20
2	A total of five questions to be answered out of 10 options each carrying 4 mark based on five units (two questions from each unit and each question within 100 words)	4X5	20
3	A total of two questions to be answered out of 5 options each carrying 10mark based on four units(Each	10X2	20

	questions within 300 words and one question from each unit)		
	Total		60

**Question pattern should be set in such way that it should assess the course outcome*

Table 2b

Field Work(PMIR 207)	Mark Allotted
Evaluation of Report	60
Presentation of Field Work	40
Total	100

**Evaluation will be done by committee consisting all internal faculty members and one external members from Industry*

Table 2c

Comprehensive viva voce & Group Presentation(PMIR 407)	Mark Allotted
Comprehensive viva voce	50
Group Presentation	50
Total	100

**Evaluation will be done by committee consisting all internal faculty members and one external member from other reputed Institute/University*

Table 2d

Dissertation & viva voce(PMIR 408)	Mark Allotted
Evaluation of Dissertation Report	70
Presentation & Viva-voce based on work of Dissertation	30
Total	100

**Evaluation will be done by committee consisting all internal faculty members and one external member from other reputed Institute/University*

COURSE STRUCTURE OF MPMIR

SEMESTER I

Course Code	Course Name	Marks	Credit
PMIR101	Principles & Practices of Management	100	04
PMIR102	Industrial Relations-I (Employment Relations & Unionism)	100	04
PMIR 103	Human Resource Management	100	04

Sub. Code	Subject Name	Credit	Internal Mark	External Mark
CP-207	SOCIAL RESEARCH AND STATISTICS- II	4	40	60

Objectives	To introduce the students into the field of research, research process, design and report writing
Pre-Requisites	Basic knowledge of Statistics

Teaching Scheme	Regular classroom lectures, ICT tools as and when required, case study method and sessions are planned to be interactive with focus on problem solving activities.
-----------------	--

Detailed Syllabus

Unit	Topics	Hours
I	Introduction to Research: Meaning and significance of research, importance of scientific research, types of research, research process, identification of research problem, formulation of hypothesis, research design and types	08
II	Data Collection and Measurement: Sources, tools, Design of questionnaire, Sampling design, sample size estimation and techniques, Sampling and Non sampling error, Scales, types of scale, measurement of scaling techniques, Multi-Dimensional technique	10
III	Data Processing, Report Writing and Presentation: Data Processing. Cross tabulation, Research report, Types and significance of Research report, Layout of research report, Presentation of research report	12
IV	Data analysis: Testing of Hypothesis, Null & Alternative, Type I and Type II error, Z, t, F tests, Chi square test, ANOVA (one way and two way): using SPSS	10
V	Nonparametric Test and Multi Variate Analysis: Difference between parametric and Non- Para metric test, Run test, sign Test, Kruskal.swallies test, Factor analysis (concept	8
Total		48

Suggested Books:

1. Cooper & Schindler “Business Research Methods:”, Tata McGraw Hill,
2. Zikmund: “Business Research Methods” Cengage /Thomson.
3. Kothari, C.R., Research Methodology, New Age International Publishers,
4. J. K. Sharma: Business Statistics: Pearson.

Course Outcomes(CO)	<p>At the end of the course, the students will be able to:</p> <ul style="list-style-type: none"> • Enable to understand the importance of research for the organizational excellence • Make familiarize with basic tools and techniques involved in conducting the research systematically • Develop the understanding of writing good research report
---------------------	--

PMIR 208 FIELD WORK – REPORT (PREPARATION + PRESENTATION)

(This includes presentation of report by the student in presence of all faculty members and an expert from industry).

Objectives: *To give practical exposure to the students complementing the theoretical knowledge gained in the classroom.*

Outcomes:

- The students can relate the theories with the practices undertaken by the organisations.
- he students are exposed to real life situations which enable them to learn and enhance the skills like formal and informal communication, consistency, patience, self-motivation and persuasion.

SEMESTER-III

PMIR301 HUMAN RESOURCE DEVELOPMENT

Sub. Code	Subject Name	Credit	Internal Mark	External Mark
PMIR-301	HUMAN RESOURCE DEVELOPMENT	4	40	60

Objectives	To develop a conceptual as well as a practical understanding of Human Resource Development in Organisations. To acquaint the students with the various instruments and techniques available for measurement of various psychological and behavioural attributes of Human Being
Pre-Requisites	Basic knowledge of Human Resource Management
Teaching Scheme	Regular classroom lectures, ICT tools as and when required, case study method and sessions are planned to be interactive with focus on problem solving activities.

Detailed Syllabus

Unit	Topics	Hours
I	HRD: concept, scope, Growth, objectives, significance. HRD in Macro level & Micro level.	08
II	HRD system & structure, Line Manager's & supervisor's role in HRD, HRD process, HRD Needs Assessment, Designing HRD Programme	10
III	Organisation Development & HRD Mechanisms, HRD Matrix, HRD and organizational effectiveness	12
IV	HRD culture & climate of the organization, HRD Audit	10
V	Strategic HRD, International HRD, HRD practices in service & manufacturing sector	8
Total		48

Suggested Books:

1. Werner & Desimone, Human Resource Development, - Cengage
2. Dr. D.K. Bhattacharya, Human Resource Development, - HPH
3. T.V. Rao, Human Resource Development, Oxford
4. A.M. Sheikh, Human Resource Development and Management, S. Chand
5. Udaya Ku Halder, Human Resource Development, Oxford
6. Pareek Udai & T.V. Rao, Designing & Managing Human Resource Systems
7. D.M. Silvera, Human Resource Development
8. Kohli Unit & D. Sinha, Human Resource Development.

Course Outcomes(CO)	<p>At the end of the course, the students will be able to:</p> <ul style="list-style-type: none"> • Understand the concept, significance, scope and evolution of HRD related to both macro and micro level HRD. • Give knowledge about the role of line manager and supervisors in HRD Department in the organization • Get knowledge about HRD process, HRD process Mapping and Process of development in India • Familiarize with the concept of HRD matrix, HRD instruments, HRD Audit and strategic HRD leading to Organisational effectiveness
---------------------	---

PMIR302 PRODUCTIVITY MANAGEMENT & TOTAL QUALITY MANAGEMENT

Sub. Code	Subject Name	Credit	Internal Mark	External Mark
PMIR-302	PRODUCTIVITY MANAGEMENT & TOTAL QUALITY MANAGEMENT	4	40	60

Objectives	The course is designed to acquaint the students with decision making in planning, scheduling and controlling of production and operation functions in both manufacturing and services, productivity improvement in operations through layout engineering and quality management. This course also aims at exposing the students to various facets of quality, its relevance to business and its management.
Pre-Requisites	Basic knowledge of Management
Teaching Scheme	Regular classroom lectures, ICT tools as and when required, case study method and sessions are planned to be interactive with focus on problem solving activities.

Detailed Syllabus

Unit	Topics	Hours
I	Productivity: Concept, Types, Methods of raising productivity. Production Based, Materials Based. Task Based, People Based Techniques of raising Productivity	08
II	Work Study: Concept, Procedure, Objectives, Motion method Study. Concept, objectives, process tools & Techniques involved in method study, Work measurement or Time Study: Objectives. Tools and Techniques involved in work measurement. Procedure, Normal Time & Standard Time, Work sampling, Benefits	10
III	Value Analysis Concept, Objectives Methods, PERT, CPM: Concept, Techniques	12

IV	TQM: Concept, Stages, Company wide, Quality system. Approaches of TQM – Taguchi Methods. Deming’s -14 points, Crosby’s approach, Juran’s approach	10
V	Quality Control & Quality standard: Methods of Quality control, National & International Quality Standards. ISO 9000, 14000, SA 8000-2000 (CSR	8
Total		48

Suggested Books:
